Cabinet Slate Makers Given Material to Work On.

They Think Indiana Will Not be Represented.

Senator Hiscock Makes a Call on the President-elect.

Interviewers Fail to Learn the Subject of Their Talk.

Gossip at Indianapolis

INDIANAPOLIS, January 3.—The chief interest here to-day was centered in the visit of Senator Hiscock to General Harrison. They were closeted together in earnest conversation for several hours, but as no third party was present no one is prepared to state positively what passed between them but themselves. General Harrison, talked freely of the visit to an associated press correspondent this evening, but said nothing not already known.

Asked the report that Mr. Blaine is about to start to Indianapolis there is excellent authority for the statement that no information as to his expected arrival has yet been received at the Harrison residence.

General Harrison shortly after the departure of Senator Hiscock went for his daily walk and visited his former law office, where he had a long talk with Mr. Miller.

There was a great deal of comment today in political circles about the action of 77 republican county chairmen who recommended and urged the appointment of Hon. Jno. N. Huston to a cabinet position. The consensus of opinion seems to be that this action rebounds rather than aids Mr. Huston's prospects for a cabinet place. Politicians think that as General Harrison is himself well posted on Indiana men and influences, it was unwise in the county chairmen to pave him in an attitude of seeming to antagonize them in case his views did not accord their wishes in the premises. Two or three of the best state makers have put a big cross beside Huston's name as professing exceeding confidence as to whether she will get any cabinet place.

Ex-Governor Porter comes out to-day positively in conversation and repudiates the alleged pureau that is said to have been established in his behalf. He says his friends are not pressing his name for a cabinet place and intimates strongly that he is not a candidate and would be greatly surprised should a place be tendered him. It is believed he would much rather take a first class mission.

Accident at Aspen

ASPEN, January 3.—At a quarter to one to-day a fatal accident occurred on the new Wheeler opera house block. Two James Richardson, Philander Moore, Wm. Watson and James Auld were at work on a swinging platform, painting the wall. The platform was swung at either end from a derrick, and was hanging about 25 feet above the sidewalk. Suddenly the rope on one end gave way and all the men were thrown down upon the stone flagging. It was found that none were killed, but all were severely hurt. James Richardson, of Denver, member of the firm of Ross & Richardson, contractors, was bruised about the body and limbs. Wm. Watson, of Denver, was badly hurt in the back and his left ankle was injured. Philander Moore of this place fell on a cellar window and received a bad cut on the head and had injury in the back. James Auld of Denver fell on some lumber and sustained internal injuries which may prove fatal.

Negro Elected to Politics

WASHINGTON, January 3.—At the celebration of the twenty-sixth anniversary of the emancipation proclamation in Alexandria last night, by the Frederick Douglass Library association, letters were read from Harrison and Morton, both conveying congratulations and encouraging the negro element to continued upward effort. There is in the Indianapolis letter, however, a passage which seems to throw cold water on the hopes of those counting on the selection of a colored man for a cabinet position. It says: "You have shown great patience under several trials, and there may yet be further calls for the exercise of this timely virtue. It is quite possible that the high expectations of our friends may not at once be realized, but we can at least keep things moving in the right direction."

Needs of Arctic Whalers.

WASHINGTON, January 3.—A petition was received to-day by Senator Stanford from the chamber of commerce of San Francisco, calling the attention of congress to the urgent need of a permanent relief station in the Arctic ocean. The petition says the whaling fleet, now at San Francisco is steadily increasing, and many hundred lives and millions of dollars worth of property are exposed to unusual danger in the pursuit of whaling in the Arctic. A relief station, supplied with provisions, fuel, medical stores, heavy clothing and life saving apparatus, the petition says, would be a great boon to Arctic whalers.

The Parson Explains.

CHICAGO, January 3.—Parson Davies said this evening he had been misquoted regarding the matter of Kilrain fighting Jackson, the colored pugilist. Kilrain agrees to meet Sullivan first and after that will meet Jackson. Should negotiations with Sullivan fall through he will meet Jackson any way. Kilrain wants fun first and, the Parson said, that he is fighter and will meet the winner of any fight in his class regardless of color.

NEW YORK, January 3.—Cablegrams from Paris announce that Dr. Nemours Legouts emissary of Hippolyte had an audience with President Carnot that the latter had under consideration a proposal to accord equal recognition to Hippolyte and Legitime. A Cabinet Sensation.

QUINCY, January 3.—The annulling of the election to the local house of Hon. James McShane, and his disqualification for personal bribery with the court of review, caused a great sensation here, especially among Irish Catholics, who recognized him as their mouth piece.

Refund of Income Tax.

WASHINGTON, January 3.—Senator Stewart introduced a bill authorizing the secretary of the treasury to refund all income taxes which upon principles subsequently settled by decisions of the supreme court are shown to have been illegally and unconstitutionally collected.

Italy's Loss Ironclad

NEW YORK, January 3.—Information was received at Castle Garden to-day of the launching recently of a new war ship by the Italian government. The vessel is called the Re Umberto, and her displacement is 13,298 tons, 1358 tons more than the Trafalgar and Nile, England's two largest war vessels.

Governor Ames' Suggestions

BOSTON, January 3.—Governor Ames sent his annual message to the legislature to-day. He advises early submission to the people of a prohibitory amendment, advocates increase of penalties for violating liquor laws, thinks it wise to supervise inspection of fish in streams.

Earthquake Shocks.

SAN FRANCISCO, January 3.—San Jose de Costa Rica was the scene December 26 and 30 of a series of earthquake shocks. At Alajuela eight persons were killed and many injured. The principal buildings in the city suffered considerable damage. The inhabitants encamped out of doors for two days.

Kilrain Will Sign.

NEW YORK, January 3.—The following was received by Richard K. Fox this morning from St. Louis: Kilrain will sign articles to fight Jake Sullivan for $20,000 and the championship of the world, at either Toronto, Ottawa or Montreal. Both Mitchell and Kilrain emphatically deny that they have any misunderstanding with Fox.

Fire at La Veta.

PUEBLO, January 3.—A special to the Chieftain gives information of a fire at La Veta at 10 o'clock to-night which destroyed the furniture store of S. L. Strance and Dr. Moreton's office. The fire crossed the alley to a building occupied by G. S. Emerson as a warehouse, owned by J. F. Moore, but by hard work of a bucket brigade the building was partly saved. Losses are not stated. There was no insurance.

An Irish Judge.

DUBLIN, January 3.—In the county courts to-day the judge confirmed all evictions imposed upon tenants evicted from the Vandeleur estate who had previously been found guilty of resisting the sheriff and attacking the police. Judge Kelly denounced the government for its laxity and moderation in dealing with rebellion, and said the prisoners each deserved to be imprisoned for five years.

BURYING THE HATCHET

The Burlington Strike Thought to be Practically Settled.

Nearly All Points of Difference Amicably Adjusted.

A Rate-Cutting War of Western Roads Is Inaugurated.

Colorado's Assembly Organized and Ready for Business.

The Burlington Strike

CHICAGO, January 3.—For the first time the Burlington strike was examined by both parties to the controversy to be practically settled. A conference to-day between officials of the road and a committee of nine resulted in an almost agreement on nearly all points at issue, and it is considered by expected a complete understanding will be reached to-morrow morning. The only hitch in arrangements for ending the strike was one of the minor demands of the committee which is the officials did not feel justified in granting without first consulting with President Perkins and directors of the company in Boston. They requested time therefore, to exchange telegrams with the Boston officials, and they have no doubt that full authority will be received to accept any proposition of the committee that is fair and reasonable.

When the committee came called at the general offices of the Burlington this morning Vice President Stone and Priestly were waiting access from Boston and asked that the conference be delayed until 3 o'clock in the afternoon. Chairman Cavenor readily consented to this and at the hour named he and his associates returned and were received. They were in session from 3 o'clock until 20 minutes past five, when they encountered an old stable in the street. At a point which the Burlington officials considered overlooked, and were not prepared to meet without further advices from eastern head quarters. It was then decided to adjourn until 10 a. m. to-morrow.

The faces of the committee and of the Burlington officials were wreathed with smiles when they parted for the night.

The Times will say: It is understood that by the terms of the agreement the engineers will be placed again upon the same footing instead of being blacklisted as nearly all the railroads in the country. The Burlington itself will set an example by giving the strikers employment in preference to others when ever a vacancy occurs, and by bulldozing out of sight the blacklist which was drawn up here in the fall. Which was presented to the Chairman Cavenor's office to give new details of the meeting or the nature of their conclusions.

Colorado Roads Cutting.

ST. LOUIS, January 3.—In spite of the agreement which went into effect January 1 another rate war has begun between the Rock Island road this afternoon. The Rock Island issued this afternoon a report that the Missouri Pacific had sold tickets from Kansas City to Denver, Pueblo and Colorado Springs at a cut rate, thus shortening, made a cut of $5.15, tickets being sold at $14.60 to Denver. Later this afternoon the Union Pacific received orders to meet the cut, and the Missouri Pacific and other lines followed suit. A further cut is anticipated to-morrow.

REAL ESTATE!

NEW ADDITION!

Don't Go Three Miles Out in the Country for Lots when you can get them for the Same Money in

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!

Only 3 Blocks from The Antlers Hotel!

Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 140 feet in width. THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow, 10-feet alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 3-inch Water Pipe, connected at Chestnut street with a 16-inch main; the Largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the city are suffering from scarcity of the precious fluid.

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

Lot in Parrish's Addition for $360

To $1,000 a full size lot 50 by 190 feet do not hesitate a moment about buying. You can buy two lots on a corner, and erect pretty little cottages ACROSS THEM, giving each cottage a neat, pretty little yard, and readily rent them, owing to the location, etc.,

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment.

WHERE CAN YOU DO THIS ELSEWHERE?

THE STREET CAR LINE RUNS THROUGH PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North, past the "Mesa Road," up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers, if possible.*

I AM ALSO SELLING

LOTS IN CALVERT HEIGHTS!

On Easy Terms, and at from $300 to $400. They bear very much the same relation to

COLORADO CITY,

As do Parrish Addition Lots to Colorado Springs, and

I CAN RECOMMEND THEM AS AN INVESTMENT!

SURE TO PAY A BIG PROFIT

DURING THE COMING YEAR.

CALVERT HEIGHTS

Is surrounded by growing and progressive enterprises. THE MIDLAND SHOPS lie at its Northeast corner. Colorado City proper is North and Northeast of it. Bott's Additions join it on the North and Northwest. Colorado Springs itself is in full view, only two miles to the Southeast, and last though not least important,

The Great Glass Manufacturing Works

Are to be erected (at once) just south of CALVERT HEIGHTS. I have arranged to have every lot supplied with PURE WATER INPIPES.

THE LOCATION IS SUPERB!

THE SURROUNDING VIEWS

ARE MAGNIFICENT!

Last year I recommended you to buy lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I urge you to add to YOUR INVESTMENT AS MANY LOTS IN CALVERT HEIGHTS as you can afford to buy, with the result that, before the year is out, *you will again be glad that you have taken my advice.*

CALL EARLY! BUY SOON!

There are not very many lots altogether, and those who apply late, may find them all gone, and will have *to Pay an Advance.*

There are so many applicants for the office of postmaster under the new administration at Corinna, Me., that the republicans of that city have decided to vote on the matter at a mass meeting. The candidate who receives the most votes will be recommended to President Harrison for the appointment.

President Cleveland has been wise in withdrawing from the senate the nomination of Leon Bailey to be United States district attorney in Indiana. Bailey's past record is, to say the least, unsavory. But aside from this he was a particularly offensive partisan during the late campaign. His attacks on General Harrison were intensely bitter and uncalled for.

Our New Year's edition is still selling rapidly. It is the best advertisement of the city that has ever been published and will appeal to all eastern people. One of the editors of Harper's Weekly is in Denver. He saw one of the copies and immediately sent down congratulations. He considers it the best newspaper publication from an artistic point of view that has ever appeared in the west.

The Denver Republican, Pueblo Chieftain, Aspen Chronicle, Leadville Dispatch and Solids Mail have all gotten out special New Year's editions showing a splendid amount of enterprise. Each one contains a large amount of interesting statistics and reading matter showing the progress of the past year in the various sections of the state. The Republican not only covers Denver and vicinity but devotes much of its space to the state in general.

Simultaneously with the howl against the Dudley letter comes the attempt to get a pardon for Sim Coy, the famous tally sheet forger, who was sent to the penitentiary about a year ago. It is said that a petition has recently been sent to the president signed by both the United States senators from Indiana and many other prominent democrats of that state. It is a little difficult to see on just what grounds this pardon is asked for. Coy's guilt was unquestionably proved at the time of his trial, and his sentence was approved by all who voted for honest elections.

The collector at Halifax recently permitted an American fishing vessel which had been obliged to put into that port for repairs to transship her cargo of fresh fish which would otherwise have been spoiled. The collector was severely censured for this act of courtesy by the minister of customs at Ottawa and promised to report the terrible offense of extending privileges to American vessels. So when the Flora Dellgmay put into the port of Halifax last week with her main boom carried away and leaking so badly that she was in imminent danger of sinking permission to tranship her cargo was promptly refused.

One of the best evidences that the bitterness of the late unpleasantness is passing away is the following description in the New York Star of a visit to Jefferson Davis by Redpath, who was distinguished before and during the war as an anti-slavery leader:

The cruel war is over "for sure." James Redpath, the biographer of John Brown and the life long friend of Wendell Phillips, Charles Sumner and other famous champions of freedom, told me yesterday that he recently paid a visit to Jefferson Davis at his home in Mississippi. He was a guest of Davis for four days and enjoyed his visit immensely. He describes the old president of the confederate states as "the most refined and charming old gentleman whom he had ever met among the public men of America—as the very opposite of the character he is supposed to be in the north—as refined in his manners and speech as Ralph Waldo Emerson, or Longfellow, the poet, or Wendell Phillips, who were the most perfect types of high breeding and noble nature I ever met in the north."

"Mr. Davis is over 80 years old now, but is in good health and in full mental vigor giving every promise of living to see the twentieth century. Using the phrase in its true and not its cant sense," continued the old abolitionist, "I can conscientiously describe Beauvoir house as an idea home. Mr. Davis is the finest type of southern manhood, and Mrs. Davis is quite as notable a personage—a great woman, both in character and intellect."

A. J. from the C. P.

OMAHA, January 3.—It was reported here this morning that the "Golden Gate special" on the Union Pacific, which went west last night, was wrecked near Echo Canyon Utah. The report proves on investigation untrue. The story probably grew out of the fact that the "Overland Flyer" met with an accident near Echo, and two day coaches jumped the track. Nobody was killed. Prof. Stark of Cheyenne had a leg broken.

News from Emin.

SUAKIM January 3.—A dispatch who belonged to the Egyptian army, arrived from Khartoum, states that he left the latter place November 25. At that time Emin Pasha had not been captured by the mahdi's forces, but had repeatedly defeated the dervishes in the Bahr Gazelle district. Officers at Suakim personally acquainted with the sergeant know he is trustworthy and believe his information true.

FLORISSANT ITEMS.

George Nichols is very sick with pneumonia.

Mrs. D. J. White and her daughter Lottie are down with diphtheria but are reported improving.

A young man from Douglas, Wyo., followed an absconding partner here where he promised a settlement and returned home.

We are having beautiful weather here although it gets pretty cold at night. The thermometer several mornings registered nine and eleven degrees below zero and up in South Park it has been as low as thirty five degrees below zero.

We have neither a Lick nor a Dorpat telescope on any of our mountains but the solar culture of the first was aided with interest by the citizens of Florissant and smoked glass and colored beer bottles were in great demand.

COLLEGE NOTES.

Florence Kincaid is ill.

The term has commenced with several new students.

There will be a prize rhetorical exercise toward the last of this term or the beginning of next.

The College Glee club has been asked to sing at the University club reception to be given next Tuesday.

The young ladies have fitted up a room in the third story for a study. It is understood that they will give a tea before long to get money enough to buy a carpet.

In connection with the regular college course a special course of lectures will commence in a short time. They will be open to the public and further announcement will be made some time next week.

The course in botany will begin in a few days. It will be open to any who wish to do work in this department. Further announcement in regard to this will be made soon. In the meantime any who wish to avail themselves of a very rare opportunity will find it to their advantage to address President W. F. Slocum at their earliest convenience.

The regular meeting of the Phoenix literary society will take place this evening in the college chapel at 7:45. A very interesting programme has been prepared. Rev. Mr. Black will address the society on extemporaneous speaking. The following is the programme:

Remarks	C. B. White
Address	Rev. Mr. Black
Piano solo	Miss Kerr
Declamation	A. P. Burke
Debate (Affirmative)	Will Kingsley
" (negative)	H. De La Vergne
Question: That Roman Catholicism cannot be a source of power to be dreaded in the United States.

WASHINGTON, February 1.—The news ... the recent action of the German forces ... Samoa has given rise to much com... ... among the members of the house ... much indignation is felt at the an... ...uncement that the Germans intend to ...arch all vessels arriving at Samoa ...presentative Thomas of Illinois who ... particularly active and influential ...mber of the committee on naval ...airs has prepared the following resolu... ...n which will be presented to the ...se at the first opportunity

Estee to be Chosen.

CHICAGO, February 1.—An Indianapolis special says that there is scarcely any doubt now that California will be represented in the cabinet. It is almost equally certain that Estee will be the chosen man, but instead of his being made secretary of the interior it is probable, according to the latest trustworthy information, that he will be made attorney general.

Like War Indeed.

NEW YORK, February 1.—The express war which had brought rates to many ... below the actual cost of transportation is ended. The agreement was signed today by the presidents of the several companies.

Sherman presented a letter from the secretary of the navy with a copy of the formal cession of the harbor of Pago Pago made to the United States by the Samoan government in accordance with the treaty. It was referred to the committee on foreign relations.

The credentials of Senators Morgan and Dolph for the new term were presents and placed on file.

The senate proceeded with closed doors to the consideration of executive business, presumably the British extradition treaty.

On the doors being reopened Senator Sherry offered a resolution which was agreed to instructing the committee on foreign relations to inquire into the condition of affairs in the Samoan islands and to report at an early day what measures will be necessary to protect the interests of American citizens there and to discharge any obligations of the ...and has ...
...contract which the shah offered one of the Vanderbilts not long ago. It is said that two of the richest railway men in Maine, one of whom is General Arthur Sewall of the national democratic committee, are going with Cleveland. The proposed road will extend from Teheran to the Persian gulf.

Accident on the Canadian Pacific.

MINNEAPOLIS, February 1.—News of a fatal accident on the Canadian Pacific last Tuesday has just reached this city. The details are meagre, but it appears a freight train was descending a steep grade into Rosser valley when as usual on the locomotive tender broke, causing the engine and six cars to jump the track and precipitating them some distance down the side of the mountain. The fireman and brakeman were instantly killed.

There was a pleasant "ladies" hop at Masonic hall last night.

"Songs of Seven" to night at the old Presbyterian church building.

Wm. O'Brien, Esq., of Aspen was visiting old friends in this city yesterday.

Mr J B White went to Cedar Rapids Iowa, yesterday evening on the Rock Island vestibule train.

Regular meeting of Bueno Lodge No 21 A O U W this evening Installation of officers for the year.

The University club will give a reception at the new Presbyterian church next Tuesday evening, January 8.

Mrs. H. A. Fuller and Jack Corwin left for Wilson, N Y., yesterday, over the Rock Island. Mrs. Fuller will make an extended visit.

M. Kennedy, No. 9 North Tejon street reports real estate for the month of December exceeding in amount any month but one during the year 1888. This is a good indication for the business of the coming months.

In Justice Corman's court yesterday afternoon the case of the People vs. John Gilmore and J S McCoy for assaulting E. T. Massey came up for trial. The justice dismissed the case, assessing the costs to the complaining witness, Dr E. G. Walls. The case will be appealed to the county court.

On Monday next the firm of King & Co. grocers, will open the old Sisson store for business. They will keep a fine line of staple and fancy groceries. The head of the firm is Mr. J. C. King, lately from Atchison, Kan., an experienced grocery man. The members of the firm are all young men and will be pleased to see all who may call.

A condemnation suit of the Rock Island road against C. H. White for the old restaurant property near the Rio Grande depot was heard by Judge Harrison yesterday. The suit was begun by the Chicago, Kansas and Colorado railroad which was afterwards consolidated with the Chicago, Kansas and Nebraska road. The case was dismissed on the grounds that there was no such company in existence as the Chicago, Kansas and Colorado at the time the suit was begun.

The officers elect of Pike's Peak Lodge No. 38, I. O. O. F., were installed into office last night, and are as follows: J. H. Thedinga, N. G.; J. E. Shobe, V. G.; H. C. McCreery, secretary; A. H. Whalie, P. S.; A. S. Blake, treasurer; J. R. Tyler, warden; Henry Slank, conductor; R. H. Magee, L. G.; J. M. Bolton, O. G.; E. L. Byington, R. S. N. G.; D. M Wright, L. S. N. G.; W. P. Moffett, R. S. V. G.; W. I. Hallowell, L. S. V. G.; C. H. Barnes, R. S. S.; O. E. Hemenway, L. S. S.; M. H. Smith, chaplain.

On New Year's day Mr. E. Ferris started in a new line of business bidding farewell to dry goods and intending to see what he could do in real estate and loans. Mr. Ferris took it quietly on that day, but in the evening packed his "grip" and started to take a look at Pueblo. He spent the morning of Wednesday looking around that city, leaving for home at 4 o'clock. In that time, by a free use of the telegraph, he had placed for eastern parties $12,000 in loans and sold $54,000 worth of real estate. Then he came home to find a telegram awaiting $6000 worth of loans in Colorado Springs. A pretty good start for the new year.

An exchange in speaking of the play which The Dalys will produce at the opera house to morrow evening says: "'Upside Down' is a purical extravaganza. Two runaway youths from a college organize a circus for the benefit of their hoped to be father in law, who is in financial straits. The first act is the introduction to the circus scene; the third, the happy finale, when everything is set right and the boys are rewarded with the girls of their choice. The play is bright, sparkling and full of clever scenes and hits, with considerable of the love making peculiar to the Dalys. There was good singing of fairly new songs, not new jokes and quite a number of antique ones in new garments. The mechanical scenic in the first act was well done, and the circus scene was carried out in good shape; with good balancing and tight rope walking, and Thomas Daly as a fair imitation of a circus clown. The show pleased the audience immensely, and encores and applause were frequent."

Thomas' Resolution

WASHINGTON, February 1.—The news of the recent action of the German forces at Samoa has given rise to much comment among the members of the house and much indignation is felt at the announcement that the Germans intend to search all vessels arriving at Samoa. Representative Thomas of Illinois who is a particularly active and influential member of the committee on naval affairs has prepared the following resolution which will be presented to the house at the first opportunity.

Accident on the Canadian Pacific.

MINNEAPOLIS, February 1.—News of a fatal accident on the Canadian Pacific last Tuesday has just reached the city. The details are meagre but it appears a freight train was descending a steep grade on Beaver valley when an axle on the locomotive broke causing the engine and six cars to jump the track and precipitating them some distance down the side of the mountain. The fireman and brakeman were instantly killed.
